All units were westbound on Old Shakopee Road. The road has two westbound lanes and two eastbound lanes with no center divider. The speed limit is 35 mph.

Unit 1 was in the left lane and came to a stop with their left turn signal on waiting for traffic to clear so he could pull into the driveway of, 5109 Old Shakopee Road. Unit 2 was behind Unit 1 and came to a stop. Unit 3 was in the right lane and in the process of passing Unit 1 and Unit 2.

Unit 4 driver said she thought she was going around 30 mph. Unit 4 said the vehicles in front of her came to a sudden stop and she did not have time to stop. Unit 4 driver said she thought she caused the crash.

Unit 4 struck the back of Unit 2. The collision pushed Unit 2 into Unit 1 and the back end of Unit 2 struck the driver side of Unit 3. The collision with Unit 3 caused Unit 3 to slide across the eastbound lanes of traffic and up into the grass of 5109 and 5117 Old Shakopee Road.

Unit 2 and Unit 4 had to be towed from the scene by Chief's Towing due to disabling damage.

The passenger of Unit 2 advised she was 30 weeks pregnant. She did not believe she had any injuries but was encouraged to get checked by a doctor out of an abundance of caution.

Unit 4 was sent a citation in the mail for failure to drive with due care.

- V1 and V2 were both northbound on Normandale Blvd near 98th Street in the #1 lane (inside) when V2 legally moved to the #2 lane and back to the #1 lane to pass V1.
- V2 said she made this move because V1 was driving 30 mph in the 45 mph zone.
- V1 said she was driving the speed limit and V2 was tailgating her so closely she couldn't read V2's front license plate.
- V1 behind V2 in the #1 lane of Normandale as they approached slower traffic and drove through the intersection at 84th Street.
- V1 moved to the #2 lane.
- V2 moved to the #2 lane in front of V1.
- V1 moved to the #3 lane (acceleration lane from 84th Street) to try to pass V2.
- V2 refused to let V1 pass.
- V1 admitted she got angry and just forced her way into the traffic lane occupied by V2 which created vehicle to vehicle contact.
- V1 estimated the contact occurred right where the northbound acceleration lane from 84th Street ends.

--	---	-------------------------	----------------------------	-------------------

On 03/08/24 at approximately 2211 hours, I, Officer Miller was dispatched to the intersection of 98th Street and Pleasant Ave for a street sign and debris in the road. Upon arrival I noticed that this appeared to be the scene of an accident. I was later informed there was a victim of a hit and run. I made contact with the driver of Unit #1 who was one block West of where the accident occurred. Driver of Unit #1 was changing his tire from the accident. Driver of Unit #1 stated that the vehicle was traveling Westbound on 98th Street. Unit #2 was traveling Southbound on Pleasant Ave. It is unclear if Unit #2 did not stop at the stop sign. As Unit #1 was passing that intersection, Unit #2 pulled out and made contact with Unit #1. Driver of Unit #2 struck Unit #1 on the front passenger door, sideswiping up to the front passenger headlight causing it to pop out and dangle. The impact of the collision sent Unit #1 over the concrete median striking a "Do Not Enter" sign on the driver's side mirror, front panel and headlight causing the sign to break and land in the street. Both front tires on Unit #1 were flat and the rims destroyed from the collision. Unit #2 had heavy front end damage, leaving behind the whole front grill and bumper with the license plate still attached in the street. The debris in the road also indicated headlights were broken and there was fluid in the street. Driver of Unit #1 got out and started walking towards Unit #2, that is when Unit #2 backed up and drove North on Pleasant Ave. I followed the drip marks on the street that led me to a garage at 144 West 97th Street but the garage was empty.
