Funding will be distributed in the following manner based on scores:

The total amount of funding available under this mini grant is \$15,000, and the maximum individual award will be \$3,000. Funding will be distributed in the following manner: First, the applicant with the highest score will be awarded a grant in the amount requested by that applicant, up to \$3,000. Next, the applicant with the next highest score will be awarded a grant in the same manner. This process will continue until all funding has been awarded. Note that the final applicant that receives a grant through this process might not receive the total amount requested. The amount will depend on the funding that remains at that point.
