PAULINO, EMILY	GRASS TORN UP AND DOG POOP BAG POLE KNOCKED DOWN	PRIVATE	8/21/1983	F

On 09/26/2023 at approximately 0940 hours, I Officer Style was dispatched to a hit and run report at 201 96th St E.

Upon my arrival I spoke with the reporting party that advised me that she is a property manager and someone had run over the apartment buildings dog poop bag stations pole and hit the fire hydrant that was in a grassy area near up on the curb near the parking lot.

The reporting party advised me the car that she suspected did the damage due to the front passenger fog light cover of the car that hit the fire hydrant was left on scene and the reporting party matched the passenger fog light cover with unit 1.

Unit 1 did not have a front passenger fog light cover and the missing piece matched the front driver side fog cover.

I ran a query into unit 1 and the registered owner came back to the apartment complex.

I observed the driver seat of unit 1 was pulled forward to approximately 3 feet from the steering wheel which led me to believe a short male or female was driving.

I made contact with unit 1 and she admitted to me that she hit the fire hydrant and pole and did not notify the property owner.

Unit 1 was cited for hit and run failure to notify property owner.

I obtained the insurance to unit 1 and handed the over the property owner therefore she could have her insurance agency contact unit 1's agency.

This concludes my report.

Hit and Run vehicle crash. The Suspect vehicle's owner called to report it as a stolen.

On Friday 9-29-2023 at about 0708 hours, Ruth Kebebe called 911 to report a hit and run crash. Kebebe was waiting in her vehicle on East Old Shakopee Road just east of Hwy 77 for police.

I responded and located Kebebe in her vehicle, a 2015 Kia with MN license JPW863.

The registered owner of the vehicle was Gezahegne Aereha.

Ruth Kebebe stated that she had exited the north bound Hwy 77 ramp at Old Shakopee Road and was making an east bound left turn onto Old Shakopee Road. She said that as she was making the turn, she was involved in a crash with a what she thought was a two door silver passenger vehicle which was north bound from the south side of Old Shakopee Road (from the Old Shakopee East Frontage road). She said that the other vehicle immediately left the scene in an unknown direction without stopping to exchange information. She did not get a look at the other driver and believed their vehicle had damage to the left drivers side middle.

I did observe Kebebe's vehicle which had moderate damage to the left front driver's side but was drivable.

Kebebe was the lone occupant of the vehicle.

Kebebe had All State Insurance - policy 962290286.

At about 0721 hours, BPD Dispatch took a call from Milton Solis Cazcho who wanted to report that his 2002 silver dodge Neon was stolen from 2105 Glenview Lane. Milton had gone to work in St. Paul where he worked construction and found that he was not needed for the shift because of rain and would return home to make a report. (Dispatched to Glenview Lane at 0910 hours to speak to owner) Solis reported that he still had the keys for the vehicle to BPD Dispatch.

Prior to my arrival at the address, Officer Rausch and I began checking the area for the vehicle Solis was reporting stolen and it was located parked along the curb near 2325 Skyline Drive. The vehicle was locked, its ignition was not damaged. The vehicle had damage and was in overall poor condition but also had a bent in left side rear wheel with damage in that area as well as a flat left rear tire.

Officer Rausch was able to collect a still shot of an area residents video on Skyline drive showing that shortly after the vehicle was parked there, the occupant was picked up by another silver vehicle and left the area.

Officers responded to 2105 Glenview to meet with Milton Solis. Solis stated that he last had his car parked on the street near the address and it is registered to him and he doesn't allow anyone to use it. He said the vehicle is hard to drive and has an issue with steering. He said that the vehicle is not insured. He said that he had the only keys and there was no other way to start it.

After having a discussion about the severity of making a false report, Solis provided the following information.

Solis said that his roommate Patricio (Angel Patricio Bermeo Molina) had permission to drive the vehicle, but Solis himself was not with him. He said that he received a phone call from Patricio to report the car as stolen without explanation and without him asking further details about that.

Solis showed me a photograph from Patricio's facebook page and that photograph matched a booking photograph provided by BPD Dispatch.

Solis went on to say that Patricio works construction with him in St. Paul and lives at the address with him.

Solis got Patricio on the phone and told him their was video and Patricio refused to speak with the police about the matter.

Solis denied being in the vehicle that picked up the driver of his vehicle and denied involvement in the crash saying he definitely was not the driver.

Angel Patricio Bermeo Molina has a Revoked driver's license as well.

Officers went back to the suspect vehicle JAE187 and it was impounded and held for investigations.

A state crash report was submitted for Hit and Run.

Photographs of the suspect vehicle were uploaded to 23010368.

Forward to Investigations for follow up with Bermeo Molina.

Unit 2 was legally parked in a space in the parking lot of 7801 Southtown Center facing North. Unit 1 was pulling forward out of a space across from it and the front passenger side bumper of Unit 1 struck the front passenger side bumper of Unit 2. Unit 1 then left the scene. Witness 1 gave a statement matching this scenario and provided the license plate of Unit 1 to Officer. He described the driver as a female, possibly white, with longer blonde hair.

Photos were taken of Unit 2 at the scene.

Officer followed up at the address of the registered owner of Unit 1 and saw Unit 1 parked in the driveway, with fresh damage to the passenger side front bumper consistent with the above scenario. Photos were taken of Unit 1 at the registered owner's address.

Driver 1 answered the door at the address, matched the description given by Witness 1, and stated she had been driving Unit 1 at the crash location earlier in the day. She stated she did not realize she hit Unit 2, and just thought she got very close to it. Driver and Insurance information was gathered for the crash report.

There were no apparent injuries during this incident.
