### Property Damage Information:

Property Owner Name WITT, TAMARA	Property Description TRAILER & GUTTER DOWNSPOUT	Property Type PRIVATE	DOB 10/29/1962	Sex F
-------------------------------------	--	--------------------------	-------------------	----------

### Witness Information:

Name WITT, TAMARA JO	Sex F
-------------------------	----------

On 10-2-23 at 1738 hours I was dispatched to a property damage accident at 11 W. 107th St.

I arrived and observed a silver 2006 Nissan Altima (MN license NDX827) - Unit 1 - facing south on the boulevard, sidewalk and partially onto the front yard of the address. The vehicle had heavy front end damage and both front airbags had been deployed.

The driver of Unit 1 does not speak English, but her brother/front seat passenger advised that his sister was practicing driving after only having her permit since mid-September. They were travelling southbound on Nicollet Ave. S. and intended to make a right turn to go west on W. 107th St. He stated that his sister accidentally depressed the gas pedal instead of the brake pedal and the vehicle ended up maintaining its southbound direction of travel, striking a large landscaping rock in the front yard, pushing it up into the driveway. In doing so, the vehicle also struck a trailer - Unit 2 - in the driveway, pushing it backwards into a gutter downspout mounted to the front of the garage, pinching it completely closed. The tongue of the trailer was also slightly bent downward from the impact.

I confirmed with both occupants of Unit 1 that they had been wearing seatbelts at the time of the crash and that they were not injured. I did not observe any indications that the driver of Unit 1 was impaired or had been driving in a reckless manner.

It should be noted that the registered owner of Unit 1 does not speak English. His son/front seat passenger advised that he would be able to translate if needed.

I then spoke with the homeowner/reporting party who reported that she and her husband were sitting on the couch in the living room and both witnessed Unit 1 coming south on Nicollet Ave. S. and anticipated that the crash was imminent. As they jumped up off the couch to go outside, the crash occurred as described above. The reporting party stated that the security camera mounted on the east side of the garage captured the entire incident. She was provided with an Axon Citizen link and has submitted the security camera's video.

Upon my arrival, the parties had already exchanged information and photos had already been taken for their own use.

I proceeded to photograph the scene, all photos have been uploaded to Axon.

Chief's Towing was ordered to remove Unit 1 from Witt's property via private tow. The Chief's driver also stated that he would be willing to return with a different truck to assist Witt in placing the landscaping rock in its original position, as it had been pushed up into the driveway approximately 25 feet. A Tow Sheet has been completed and submitted with this report.

Given the significant damage to Unit 1 as well as the fact that the reporting party relayed that vehicles have crashed onto or into her property in the past, I also completed a State Crash Report to document and forward the incident to TIU and Traffic Engineering to see about better accident mitigation at this T-intersection.

Disposition

Forward to TIU/Traffic Engineering for review.
