Police and Fire dispatched to Poplar Bridge Road and Toledo Av for a vehicle vs. bicycle injury crash. Upon arrival, Unit 1 (Zimmerman) was being tended to by a nurse who had stopped to help. Unit 1 was on the roadway not moving, but was alert and talking. Unit 1 was transported to HCMC via Edina Fire due to serious injury.

Veh 1 was traveling WB on Poplar Bridge Road approaching Toledo. Veh 1 driver stated he was driving the speed limit and was not distracted. He observed Unit 1 out of his peripheral vision as he was in lane 2 (left lane) legally passing. Unit 1 made an abrupt left turn in front of Veh 1. It is unclear if Unit 1 looked and cleared the road before turning into the left lane of traffic. Unit 1 hit the windshield of Veh 1. Veh 1 immediately stopped and helped render aid.

Witness statement:

THEIS STATED THE FOLLOWING

She was driving EB on Poplar Bridge Road turning SB on to Toledo Rd. As she approached Toledo Ave, she observed a black Honda travel WB in the inside (left) lane of travel, and a male in an orange shirt on a bicycle in the curb (right) lane of travel. As she began her turn, it appeared as if the bicyclist was starting to turn from that right lane SB on to Toledo Ave.

She observed the vehicle traveling WB as well approaching the bicyclist and thought a crash was about to occur. As she continued her turn she looked in her rear view mirror and observed the bicyclist cut left in front of the Honda, where the Honda then hit the bicyclist.

She believes the bicyclist was turning SB on to Toledo and didn't see the Honda, cutting in front of the car. She did not believe speed was a factor.

HANSEN STATED THE FOLLOWING

That she is a registered nurse and came across the crash after the fact, she did not witness anything. She helped render aid to the victim until fire and police arrived. She did not witness the event or have any details on it.

FRAZIN STATED THE FOLLOWING

That he was stopped at the stop sign on NB Toledo behind a tree trimming truck. That after the truck moved he observed that the crash had occurred. He did not witness the event. That the tree trimming truck was no longer on scene as a witness.

ALVEY STATED THE FOLLOWING

That he did not witness the crash. He saw the bike WB on Poplar Bridge Rd prior to Toledo. He then saw the bicycle on the ground. He remained on scene to help if he was needed.

On 10/12/23 at 0622 hours I, Officer Fahey responded to Bloomington Public Works parking lot at 1700 98th Str. W. for a property damage car accident involving a city owned vehicle versus a privately owned vehicle.

Upon arrival, I met with the persons involved in the accident and they provided the following information.

According to Davis Peterson, who was operating (vehicle 1)(MN/REG 920004) a 2006 white Chevy Silverado, he was backing out his parking space in the city lot and impacted with a privately owned vehicle (vehicle 2). Peterson advised, he backed up too far and made contact with (vehicle 2)(MN/REG DYN761) a black 2019 Dodge Ram 1500.

I spoke to the registered owner of (vehicle 2) Daniel Blasy who advised, he was parked in a space not moving when (vehicle 1) impacted the front of (vehicle 2).

There was no obvious signs of damage to (vehicle 1) and a small dent to the front bumper of (vehicle 2).

Driver information was exchanged by Officers on scene and a file number was provided to both parties.

Photos were taken on scene and uploaded to Axon under this file number.

State Crash Report due to City vehicle involvement.
