Witness Information:

Unit 1 was traveling northbound on Grand Avenue South attempting to make a right turn to go eastbound on Old Shakopee Road. As Unit 1 made the turn he heard a noise and his front seat passenger said he had hit someone. Unit 1 immediately pulled over. Unit 1 driver advised he did not see anyone in the crosswalk and said he had a green light.

The bicyclist said he had a green light and proceeded through the crosswalk. Bicyclist was wearing a dark colored jacket and jeans with no helmet or any other safety equipment. Bicyclist advised he had a handheld flashlight that he was shining at traffic however the light was not affixed to the bicycle. Bicyclist said Unit 1 turned into him with the front passenger tire and "ran him over". Bicyclist was evaluated by Allina Ambulance but refused treatment against medical advice. Bicyclist said he did not push the crosswalk request button because he had a green light.

Witness 1 said he was sitting in the left turn lane of westbound on Old Shakopee Road waiting to turn southbound on Grand Avenue South. Witness 1 stated Grand Avenue South had a green light. Witness 1 said the bicyclist was traveling westbound on the sidewalk on the south side of Old Shakopee Road and then turned northbound into the crosswalk on Grand Avenue South. Witness 1 did not immediately see a light with bicyclist and said he was hard to see.

Based off my investigation it appears that Unit 1's view of the bicyclist may have been obstructed due to the passenger side A-pillar. Unit 1 was drivable. The bicycle had a bent front tire and the bicyclist was picked up by a friend.

Pictures of the scene were taken and uploaded to Evidence.com

No citations were issued.
