Unit 1 was northbound on Portland Ave S at the intersection with American Blvd E. The semaphore at the intersection was without power and not lit. Unit 2 was eastbound on American Blvd E. at the same intersection.

Unit 2 driver said he stopped at the intersection and then continued through when Unit 1 came out of nowhere and he struck Unit 1 on the driver side. Unit 2 driver did not think Unit 1 stopped to wait for their turn.

Unit 1 driver did not speak English well but said she went through the intersection. It seems like Unit 1 driver said she did not stop at the intersection before proceeding.

There were no witnesses at the crash to verify either story. Unit 2 was towed from the scene due to debris hanging from the front of the vehicle.

Unit 1 was on Old Cedar Ave at the stop sign to go from northbound Old Cedar to westbound American Blvd.

Unit 1 started to proceed through the intersection, pulling in front of Unit 2.

Unit 2 who was traveling eastbound on American Blvd, with the right of way. Unit 2 struck the front of Unit 1. Based on where the damage is located on Unit 1 (front end), and knowing the road design, I felt that Unit 1 failed to yield the right of way.

Both vehicles sustained disabling damage to their vehicles. Both were towed.

No injuries were reported by either party on scene.

Driver of Unit 1, Ahmed, Nimco, was cited for failure to yield right of way.

Photos were uploaded to Axon
No video surveillance in the area.
