

# Bloomington Public Health Division

*Serving Bloomington, Edina and Richfield*

## Health Screenings

- Blood pressure screenings. Call to schedule an appointment:
  - Public Health Center: 952-563-8900
  - Logan Lodge: 952-563-4944
- Tuberculin skin tests
  - Tuesdays, 11:30 a.m. – 3:30 p.m. by appointment. Cost is \$40.
- Home assessment for asthma triggers
- Hearing screenings

## Immunizations and Flu Shots

Immunizations available by appointment for people with no or partial insurance. A donation of \$20 per vaccination is suggested but not required.

## Sexual and Reproductive Health

Provide health counseling, education and resource information to individuals and groups.

## Older Adult Health

Assess health concerns, educate on health topics, provide home visits, connect individuals and families to local resources, and offer support to community organizations.

## Pregnancy and Parenting Support

- Individual and group education and support for pregnant people, new parents and families. In-person or virtual home visits provided by Public Health Nurses or Community Health Workers.
- The Follow Along Program supports parents by assessing your child's growth and development up to three years old.
- The Infant Health Initiative aims to reduce infant mortality and preterm birth through education, counseling, and resource support.

## Nutrition Support

- The Women, Infants and Children (WIC) Supplemental Nutrition Program provides nutrition education, counseling, and food benefits for eligible people who are pregnant, breastfeeding, or have children up to five years old.
- Breast/chestfeeding information and support provided by certified lactation staff and peer counselors.

**Appointments needed for direct services.**

**WIC Program: 952-563-8993. All other services: 952-563-8900, select *Intake***

## Emergency Preparedness

Prevent, prepare for, respond to and recover from public health threats such as bioterrorism, pandemics and community trauma.

## Substance Use Prevention

Prevent substance misuse by promoting healthy behaviors and informed choices. Address root causes through education, early intervention, policy, and strong community partnerships.

## Healthy Communities

Promote well-being through active living, healthy eating (food access), mental well-being and commercial tobacco-free living. Supported by funding through the Minnesota Department of Health's Statewide Health Improvement Partnership (SHIP).

## Health in All Policies

Shape healthier, more equitable communities by embedding health into policies across sectors. This approach addresses root causes of disparities and promotes well-being for generations to come.

## Outreach and Engagement

Promote the Public Health mission in community spaces, foster meaningful relationships with organizations and residents, and connect community members with vital resources.

## Mental Health and Well-Being

Support mental health across all life stages by reducing stigma, expanding access to care, and fostering environments that encourage connection, resilience, and self-care.

## MISSION

To engage the community in promoting, protecting and improving the health of all.

## VISION

A healthy community empowered by our locally based support and services.

## Get Involved

Public Health contracts with several schools and programs to offer students experience within the field. Visit [blm.mn/ph](http://blm.mn/ph) for more information on programs, services, volunteer opportunities and internships.
