

RATING ACTION COMMENTARY

Fitch Rates Bloomington, MN's \$3MM Ser 57 & \$3.2MM Ser 2025D GOs 'AAA'; Outlook Stable

Mon 06 Oct, 2025 - 12:00 PM ET

Fitch Ratings - Chicago - 06 Oct 2025: Fitch Ratings has assigned a 'AAA' rating to the following general obligation (GO) bonds to be issued by the city of Bloomington MN:

- \$3,005,000 GO Permanent Improvement Revolving Fund bonds of 2025, series 57;
- \$3,245,000 taxable GO Capital Improvement Plan bonds, series 2025D.

The bonds are scheduled to be sold competitively on Oct. 20. Proceeds will fund various capital improvements, including the acquisition of land for a future new equipment maintenance garage.

Fitch has also affirmed Bloomington's Issuer Default Rating (IDR) and outstanding GO bonds at 'AAA'.

The Rating Outlook is Stable.

[VIEW ADDITIONAL RATING DETAILS](#)

The 'AAA' rating incorporates the city's 'aaa' financial resilience assessment given a 'High Midrange' level of budgetary flexibility and Fitch's expectation that general fund unrestricted reserves will be maintained at or above 10% of spending and transfers out, with audited fiscal 2024 reserves equivalent to 50% of general fund spending.

The city's long-term liability assessment compared to Fitch's local government ratings portfolio is assessed at 'Midrange'. The rating also incorporates a 'Weakest' population trend, balanced against a 'Strong' demographic and economic level metrics compared to the Fitch rated portfolio.

RATING SENSITIVITIES

Factors that Could, Individually or Collectively, Lead to Negative Rating Action/Downgrade

- An increase in long-term liabilities beyond Fitch's expectations for near-term issuance assuming current levels of personal income and governmental resources and spending;
- A decline in unrestricted general fund reserves to below 10% of general fund expenditures, which would lower Fitch's assessment of financial resilience to below 'aaa'.

Factors that Could, Individually or Collectively, Lead to Positive Rating Action/Upgrade

- Not applicable given 'AAA' rating.

SECURITY

The bonds are general obligations of the city, for which the city pledges its full faith and credit and power to levy direct general ad valorem taxes, unlimited as to rate or amount. In addition to the GO pledge, the city will pledge special assessments against benefited properties.

FITCH'S LOCAL GOVERNMENT RATING MODEL

The Local Government Rating Model generates Model Implied Ratings, which communicate the issuer's credit quality relative to Fitch's local government rating portfolio. (The Model Implied Rating will be the Issuer Default Rating except in certain circumstances explained in the applicable criteria.) The Model Implied Rating is expressed via a numerical value calibrated to Fitch's long-term rating scale that ranges from 10.0 or higher (AAA), 9.0 (AA+), 8.0 (AA), and so forth down to 1.0 (BBB- and below).

Model Implied Ratings reflect the combination of issuer-specific metrics and assessments to generate a Metric Profile and a structured framework to account for Additional Analytical Factors not captured in the Metric Profile that can either mitigate or exacerbate credit risks. Additional Analytical Factors are reflected in notching from the Metric Profile and are capped at +/-3 notches.

RATINGS HEADROOM & POSITIONING

Bloomington Model Implied Rating: 'AA+' (Numerical Value: 9.82)

-- Metric Profile: 'AA+' (Numerical Value: 9.82)

-- Net Additional Analytical Factor Notching: 0.0

Bloomington's Model Implied Rating is 'AA+'. The associated numerical value of 9.82 is at the upper end of the 9.0 to 10.0 range for a 'AA+' rating.

KEY RATING DRIVERS

DEVIATIONS FROM MODEL IMPLIED RATING

A positive one notch model deviation was applied to the city of Bloomington's Model Implied Rating for an anticipated temporary migration of the rating in the 'AA+' category. The city's Model Implied Rating of 9.82 is below the range for its current 'AAA' rating. The Model Implied Rating has historically been above 10.0 but recently fell due to near-term growth in direct debt driven by a recently approved voter initiative for a 0.5% local option sales tax to invest \$155 million in the city's Bloomington Forward plan.

The application of a model deviation reflects Fitch's forward-looking view that the rating will return to above 10.0 given anticipated growth in the resource base and limited future direct debt plans, which would support the removal of the one-notch model deviation.

FINANCIAL PROFILE

Financial Resilience - 'aaa'

Bloomington's financial resilience is driven by the combination of its 'High' revenue control assessment and 'Midrange' expenditure control assessment, culminating in a 'High Midrange' budgetary flexibility assessment.

- Revenue control assessment: High
- Expenditure control assessment: Midrange
- Budgetary flexibility assessment: High Midrange
- Minimum fund balance for current financial resilience assessment: $\geq 10.0\%$
- Current year fund balance to expenditure ratio: 49.7% (2024)
- Lowest fund balance to expenditure ratio for the fiscal-year period 2020-2024: 49.7% (2024)

Revenue Volatility - 'Strongest'

Bloomington's weakest historic three-year revenue performance is neutral to the Model Implied Rating.

The revenue volatility metric is an estimate of potential revenue volatility based on the issuer's historical experience relative to the median for the Fitch-rated local government portfolio. The metric helps to differentiate issuers by the scale of revenue loss that would have to be addressed through revenue raising, cost controls or utilization of reserves through economic cycles.

- Lowest three-year revenue performance (based on revenues dating back to 2005): 3.5% increase for the three-year period ending fiscal 2011
- Median issuer decline: -4.3% (2024)

DEMOGRAPHIC AND ECONOMIC STRENGTH

Population Trend - 'Weakest'

Based on the median of 10-year annual percentage change in population, Bloomington's population trend is assessed as 'Weakest'.

Population trend: 0.0% Analyst Input (11th percentile) (vs. -0.1% 2023 median of 10-year annual percentage change in population)

Unemployment, Educational Attainment and MHI Level - 'Strong'

The overall strength of Bloomington's demographic and economic level indicators (unemployment rate, educational attainment, median household income [MHI]) in 2024 are assessed as 'Strong' on a composite basis, performing at the 76th percentile of Fitch's local government rating portfolio. This is due to relatively strong education attainment levels, median-issuer indexed adjusted MHI and unemployment rate.

-- Unemployment rate as a percentage of national rate: 72.5% 2024 (86th percentile), relative to the national rate of 4.0%

-- Percent of population with a bachelor's degree or higher: 45.4% (2023) (83rd percentile)

-- MHI as a percent of the portfolio median: 109.1% (2023) (60th percentile)

Economic Concentration and Population Size - 'Strongest'

Bloomington's population in 2023 was of sufficient size and the economy was sufficiently diversified to qualify for Fitch's highest overall size/diversification category.

The composite metric acts asymmetrically, with most issuers (above the 15th percentile for each metric) sufficiently diversified to minimize risks associated with small population and economic concentration. Downward effects of the metric on the Metric Profile are most pronounced for the least economically diverse issuers (in the 5th percentile for the metric or lower). The economic concentration percentage shown below is defined as the sum of the absolute deviation of the percentage of personal income by major economic sectors relative to the U.S. distribution.

-- Population size: 88,344 Analyst Input (above the 15th percentile) (vs. 87,718 2023 Actual)

-- Economic concentration: 31.1% (2024) (above the 15th percentile)

Analyst Inputs to the Model

Analyst inputs to the model reflect metric adjustments to account for historical data anomalies, forward-looking performance shifts, or non-recurring events that may otherwise skew the time series.

Fitch utilized 2024 population data.

LONG-TERM LIABILITY BURDEN

Long-Term Liability Burden - 'Midrange'

Bloomington's carrying costs to governmental expenditures, liabilities to personal income, and liabilities to governmental revenue have deteriorated. The long-term liability composite metric in 2024 is at the 53rd percentile, roughly in line with Fitch's local government rating portfolio.

-- Liabilities to personal income: 4.1% Analyst Input (62nd percentile) (vs. 2.7% 2024 Actual)

-- Liabilities to governmental revenue: 176.8% Analyst Input (50th percentile) (vs. 120.5% 2024 Actual)

-- Carrying costs to governmental expenditures: 15.1% Analyst Input (47th percentile) (vs. 11.4% 2024 Actual)

The analyst adjusted direct debt, debt service, governmental revenues, and governmental expenditures to reflect principal amortization, as well as planned fiscal 2025 issuances.

PROFILE

The City of Bloomington is located in Hennepin County. Bloomington participates in the Twin Cities metropolitan economy, although the city has its own broad economic base that incorporates a diverse mix of industries including technology, healthcare and manufacturing. The city's local economy is concentrated with retail and tourism-linked businesses. The city has a wealthy and growing local economy anchored by the Mall of America (MOA), which is 7.88% of the city's total taxable capacity value. The MOA has driven strong tax base and revenue growth over the past several years.

In addition to the MOA, the city is home to large corporate entities, including the Toro Company, the Donaldson Company, HealthPartners and Seagate Technology. The city also benefits from sophisticated financial planning and a track record of healthy reserves and positive operating performance.

Sources of Information

In addition to sources of information identified in Fitch's applicable criteria specified below, this action was informed by data from DIVER by Solve.

REFERENCES FOR SUBSTANTIALLY MATERIAL SOURCE CITED AS KEY DRIVER OF RATING

The principal sources of information used in the analysis are described in the Applicable Criteria.

ESG CONSIDERATIONS

The highest level of ESG credit relevance is a score of '3', unless otherwise disclosed in this section. A score of '3' means ESG issues are credit-neutral or have only a minimal credit impact on the entity, either due to their nature or the way in which they are being managed by the entity. Fitch's ESG Relevance Scores are not inputs in the rating process; they are an observation on the relevance and materiality of ESG factors in the rating decision. DISCLAIMER & DISCLOSURES

All Fitch Ratings (Fitch) credit ratings are subject to certain limitations and disclaimers.

Please read these limitations and disclaimers by following this link:

<https://www.fitchratings.com/understandingcreditratings>. In addition, the following <https://www.fitchratings.com/rating-definitions-document> details Fitch's rating definitions for each rating scale and rating categories, including definitions relating to default. ESMA and the FCA are required to publish historical default rates in a central repository in accordance with Articles 11(2) of Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 and The Credit Rating Agencies (Amendment etc.) (EU Exit) Regulations 2019 respectively.

Published ratings, criteria, and methodologies are available from this site at all times. Fitch's code of conduct, confidentiality, conflicts of interest, affiliate firewall, compliance, and other relevant policies and procedures are also available from the Code of Conduct section of this site. Directors and shareholders' relevant interests are available at <https://www.fitchratings.com/site/regulatory>. Fitch may have provided another permissible or ancillary service to the rated entity or its related third parties. Details of permissible or ancillary service(s) for which the lead analyst is based in an ESMA- or FCA-registered Fitch Ratings company (or branch of such a company) can be found on the entity summary page for this issuer on the Fitch Ratings website.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are

responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed. Fitch Ratings makes routine, commonly-accepted adjustments to reported financial data in accordance with the relevant criteria and/or industry standards to provide financial metric consistency for entities in the same sector or asset class.

The complete span of best- and worst-case scenario credit ratings for all rating categories ranges from 'AAA' to 'D'. Fitch also provides information on best-case rating upgrade scenarios and worst-case rating downgrade scenarios (defined as the 99th percentile of rating transitions, measured in each direction) for international credit ratings, based on historical performance. A simple average across asset classes presents best-case upgrades of 4 notches and worst-case downgrades of 8 notches at the 99th percentile. For more details on sector-specific best- and worst-case scenario credit ratings, please see [Best- and Worst-Case Measures](#) under the Rating Performance page on Fitch's website.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular

investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001. Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.
