Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Bloomington will utilize Community Development Block Grant (CDBG) funds to achieve a number of goals that best serve the citizens of Bloomington. The City will use its entitlement funds to achieve the goals/outcomes that are identified within this plan. The City has incorporated performance measures into the Consolidated and Action Plan to ensure that the Plan is results orientated and that it meets its one and five year goals. The planned activities serve a large number of low/moderate income households. Overall, at least 80 percent of the grant will be expended on activities for low/moderate income households in Bloomington.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City will carry out activities that will provide for the preservation of the City's housing stock, provide essential services to seniors, provide affordable home ownership opportunities and support fair housing activities.

The activity to receive the largest amount of funding is the single-family rehabilitation program which serves low/moderate income homeowners with low interest loans to repair/update their homes. The rehabilitation loan program is coupled with the lead based paint activity to assist in the abatement of lead hazards in pre-1978 homes utilizing CDBG funds. In this way, the City is ensuring that no threats remain to the health of occupants from lead paint. This activity serves low/moderate income households at or below 80% median.

The City will again offer a homeownership activity with this plan, providing funding to the West Hennepin Affordable Housing Land Trust (WHAHT) to assist two low/moderate income families purchase homes in Bloomington. This activity will provide long-term affordable housing through the financing structure of the land trust. Participants in the program must re-sell the homes to a low/moderate income family.

The City will provide CDBG funds to Senior Community Service's Household and Maintenance for the Elderly (H.O.M.E.) Program to provide outside maintenance and home making services to low/moderate income seniors. This is an important service that allows seniors to continue to reside in their homes.

Lastly, the City contributes to the Hennepin County CDBG Consortium for Fair Housing Services. The City will allocate funds for the continuation of Fair Housing Services in suburban Hennepin County (including Bloomington). These funds may be used for education and research, housing discrimination testing and enforcement and Fair Housing counseling and clearinghouse activities.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City has a long history of actively working to preserve and upgrade the condition of its neighborhoods. The CDBG-funded single-family rehabilitation loan program (including lead-based paint abatement) have been a very successful and important part of these efforts since the 1980's.

In addition, the has a City's long-standing commitment to serving its' senior population. The CDBG funded H.O.M.E. program through Senior Community services has been a very sucessful and important part of these efforts. The City will continue this activity given the strong need in the community and the past performance of Senior Community Services.

Fair Housing continues to be a focus of the City of Bloomington. Past funding has provided for pared testing, among other activities that are coordinated by the lead agency of the consortium, Hennepin County. The City, as part of the consortium, focuses this activity based upon the results of the Analysis of Impedimentes that is completed by the metro-wide efforts of the Fair Housing Implementation Council (FHIC).

In program year 2016, the City added a new activity to provide affordable housing ownership opportunities in Bloomington by partnering with the West Hennepin Affordable Housing Land Trust (WHAHLT). The land trust purchases existing single-family homes in the City and completes any needed rehabilitation. The land trust then re-sells the home to a low/moderate income family who otherwise would not be able to afford to purchase a home in the city. The land trust retains ownership of the land and the family pays only for the structure, thus making the home affordable. The City commits CDBG funds to each home to provide assistance to provide gap financing to increase the affordability of the home. In the new program year, the City will commit CDBG funds to assist with two home ownership opportunities in Bloomington.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Summary from citizen participation section of plan.

The Bloomington Plan is part of the Hennepin County Consortium Plan. Bloomington's Plan will be made available for public comment 30 days prior to going before the Hennepin County Board for a public hearing. In addition, prior to the County's hearing, the Bloomington City Council will hold a public hearing for approval of the plan and to receive any public comments.

The Consortium Action Plan provides the complete Citizen Participation Plan for all members to follow, including Bloomington. The Citizen Participation Plan details the efforts to broaden public participation in the development of the Action Plan. An email notification is set to all subscribers to the HRA's webpage announcing the dates of the comment period.

In addition to the Consortium's hearing and comment period, the City of Bloomington provides other opportunities for public comments. The City's Action Plan is a subject of public hearings at both the City's HRA and Council prior to adoption and submission to be included in the Hennepin County Consortium Action Plan. The public hearing at the Council meeting is televised live on the City's cable television channel as well as streaming on the City's web page. All Council meeting videos are archived on our website and may be viewed at anytime.

Please note that all citizens and all other interested parties are also able to comment on Bloomington's Action Plan through the Hennepin County Consortium's public comment and hearing process.

In an ongoing effort to determine the best use of this limited resource, City staff may meet with interested businesses, developers, community and faith-based organizations to review specific proposals for utilization of the City's CDBG funds. Unfortunately, the City is unable to fund most of the proposals due to decreasing annual CDBG funds from HUD and the need to fund existing high-impact activities (such as single-family rehabilitation and H.O.M.E. maintenance for the elderly).

The Human Services Department has staff that has been trained by the local United Way to assess the need of homeless persons within the City and make recommendations to the City Council on how to best utilize City resources to respond to found needs. Human Services also operates a help line which connects people with needed services, including homeless, at the City and County level. These organizations and service providers receive over \$130,000 in funding. The primary source of these public service funds is the City's own General Fund.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Public comments were accepted in writing or during the hearing held by the Bloomington City Council on March 25, 2019. All interested parties were also able to provide comment on the entire plan through Hennepin County's comment period and public hearing process.

6. Summary of comments or views not accepted and the reasons for not accepting them

Not applicable. No comments were received.

7. Summary

In summary, the City continues to serve as many low/moderate income households as possible, while given that the funding for the City's grant has been reduced since the early 2000's This reduced funding, could impact the City's ability to keep up with the needs of low/moderate income households in the City. The City is hopeful that funding will soon be restored to former levels or increased, so it may initiate new projects and services to low and moderate income households.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The development of the Hennepin County Consortium Consolidated Plan was led by Hennepin County. Because many of the agencies that work within the city also work county-wide, it was determined that only one contact needed to be made to these organizations. The responses below in this section reflect the work completed by Hennepin County and outlined in the overall Consortium Consolidated Plan, as well as outreach completed by the City of Bloomington.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

These activities are coordinated by Hennepin County at the local level. Where appropriate, the city may refer organizations and services agencies to each other to coordinate efforts.

In addition, the city's HRA operates a Housing Choice Voucher program of 551 units that serves a wide variety of low-income populations, including elderly, the disabled and families. The HRA's staff is trained to assist participants to connect with services such as mental health and public health services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

This coordination is completed by the Minneapolis/Hennepin County Continuum of Care and the Office to End Homelessness. In addition, the City, through its Human Services Division, provides essential referrals to homeless persons to connect them to services. As part of the larger consortium, Hennepin County as the lead agency, performs outreach to facilities and systems that may discharge persons into homelessness for the development of the plan.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Not applicable. Bloomington does not receive ESG funds. Please refer to the Hennepin County section on this.

The City of Bloomington is part of the Hennepin County Consortium, and therefore the City's Action Plan is part of the Hennepin County Consortium Action Plan. The City has a Citizen Participation Plan that mirrors Hennepin County's and other Consortium members Citizen Participation Plans, which calls for the Hennepin County Consortium Action Plan to be available for public comment 30 days prior its submission to HUD.

The City of Bloomington does significant outreach to citizens and interested agencies to broaden public participation in the development and approval of the Plan. In addition to the Consortium outreach, the City sought input through its own process to develop the plan through the solicitation of comments and public hearings.

The City of Bloomington's Plan, as part of the Consortium's entire Plan, was made available for public comment 30 days prior to going before the Hennepin County Board for a public hearing on April 16, 2019. This is the final public hearing on the consortiums plan, included the City of Bloomington's plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Bloomington's CDBG funding leverages additional resources, including City and HRA levy funds. For example, the City of Bloomington has committed several hundred thousand dollars to augment the successful CDBG funded single-family rehabilitation program. In addition, the HRA has provided its' own levy funds to provide additional rehab loans to low/mod households in the City.

The CDBG program funds also leverage additional public services that are funded with City general funds. For example, with CDBG funds dedicated to the HOME senior service program, the City is able to fund other underserved or needed public services, including those that serve domestic violence victims and homeless youth.

Also note that the City's single-family rehab loan fund receives additional funds from the repayment of old loans (revolving loan fund). It is estimated that the activity will receive \$600,000 in repaid loans in PY2017.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Bloomington CDBG program activities will be available to low/moderate income (LMI) persons city-wide and will not be geographically targeted. Bloomington's CDBG activities are provided on a limited clientele basis (available to all qualified households in the City) rather than on an area-benefit basis (principally benefitting or available to persons within a specific area). Because the housing problems or needs, such as cost-burden are experienced by LMI households across the City and not concentrated in any particular area, Bloomington makes its CDBG activities available to LMI households city-wide.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Bloomington has a long track record supporting new and existing affordable housing within the City. The Bloomington HRA operates a Housing Choice Voucher Program (Section 8) that assists 551 households each month. The HRA also provides affordable rental opportunities through the 41 rental homes that are owned and managed by the HRA. The HRA has also partnered with private and non-profit developers for development of new affordable housing. Most recently in 2008, the HRA provided \$600,000 for the development of 50 affordable units through the low-income housing tax credit program with a private developer. In 2019, the HRA will assist with the development of 42 Low-Income Housing Tax Credit units at 108 Place. The HRA will provide the land to the developer at a reduced cost to increase the affordability of the project.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Bloomington continues to seek out ways to foster the development of affordable housing, both ownership and rental. The City is developing its Comprehensive Plan for the Metropolitan Council. Through this process, the City will review its policies, practices, procedures, etc. that may or may not affect the development of affordable housing and the return on residential development from 2020-2040.

The City of Bloomington continues to offer flexibility in the approval of housing projects, including affordable, that help a project to be successful. For example, the City will work with a project's developer and may offer higher densities, reduced parking requirements or TIF or tax abatement to assist the project. In February 2019, the City adopted an Opportunity Housing Ordinance to promote the development of affordable housing in the City. This comprehensive ordinance includes incentives and goals for the development of affordable housing units. More information on the ordinance and other City affordable housing initiatives can be found at: <https://www.bloomingtonmn.gov/cd/affordable-housing-preservation-and-creation>

The greatest barrier that the City experiences to the development of new affordable housing is the lack of available and/or affordable land. The

City, through its HRA, meets frequently with developers of affordable housing who are seeking to create new affordable housing within the City. Bloomington is a built-out city and any new affordable housing will be redevelopment project, which adds significant costs to a project. The HRA is exploring different ways to assist in the land acquisition process for affordable housing, however, greatly diminished eminent domain powers limit the HRA's ability to assemble the multiple parcels needed for most projects

Discussion

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Despite limited funding, Bloomington's CDBG program is designed to meet a wide range of needs, including services for seniors, fair housing activities, housing rehabilitation and reducing lead-based paint hazards. The City works with a variety of public, non-profit, and private industry partners to accomplish its community development goals, both through the CDBG program and through other resources.

Actions planned to address obstacles to meeting underserved needs

The City will continue to identify obstacles, such as lack of affordable housing, to unmet and underserved community needs and support the goals established in the 2015-2019 Consolidated Plan. The City's approach to meeting these affordable housing needs is to provide affordable housing opportunities includes the City's HRA and the Housing Choice Voucher program. In addition, to preserve and expand the supply of decent, safe, and affordable housing, the City will provide financial assistance for rehabilitation and repair of owner-occupied units to low to moderate income families. Other activities that would meet unmet needs not addressed by our limited CDBG funding will be identified and other resources may be sought to meet the need.

The City has chosen activities that best serve the needs of the Citizens of Bloomington, given limited funding of the CDBG Program. Over the past several funding cycles, the City's total grant has been reduced by nearly \$100,000 from its high point of \$522,000 in FY2003. This reduction has created obstacles to expanding existing activities or funding new activities to meet underserved needs.

Actions planned to foster and maintain affordable housing

The biggest affordable housing activity that the Bloomington HRA manages is our 551 unit Housing Choice Voucher program. This important community resources assists 551 families every month. These families include elderly, disabled and single-parent households. However, recent reductions in funding to the Voucher program by Congress/HUD has resulted in the HRA reducing the number of families assisted each month.

In addition, the Bloomington HRA owns 20 single-family homes in our Assisted Rental Housing Program. The units maintain their affordability through the HRA's action to project-base 20 vouchers from its tenant-based Section 8 program in these units. Originally, the units were part of the HRA's Public Housing program, which ended in 2012. The HRA's Public Housing program was developed in 1995; however the program failed to be self-supporting. The HRA had to provide additional funding over several years to cover shortfalls in the Public Housing program. This use of local levy funds to support this federal program was necessary as a result of several years of reduced funding by HUD. The HRA received approval from HUD to terminate its Public Housing program and transfer the units to the

Section 8 Housing Choice Voucher program.

In addition, the City of Bloomington's HRA currently has 21 single-family homes in its Rental Home for First-Time Home Buyers program. This program was originally funded by Hennepin County HOME funds. This program serves families that are making the transition from renting to owning their own home. The program escrows a portion of their monthly rent for future use as a down payment on the purchase of a home.

The Bloomington HRA is responsible for maintenance and management of all 41 of the above single-family affordable rental units.

The HRA used FY 2007 funding for the land acquisition-substantial rehabilitation activity to assist in funding the land acquisition for the development of 50 new units of affordable tax-credit rentals. The HRA worked with Sherman and Associates to acquire the land for the units with the CDBG funds at 8735 Portland Avenue South. The amount of CDBG expended was \$257,000. In addition, the HRA contributed \$343,000 of its own funds to the project, for a total of \$600,000. The affordability of these tax-credit apartments will provide additional needed workforce housing in the City. The project completed lease up in the fall of 2009. Due to reduced CDBG grants, the City has not been able to fund this activity in recent years.

In 2019, the HRA will assist with the development of 42 Low-Income Housing Tax Credit units at 108 Place. the HRA will provide the land to the developer at a reduced cost to increase the affordability of the project.

In February 2019, the City adopted an Opportunity Housing Ordinance to promote the development of affordable housing in the City. This comprehensive ordinance includes incentives and goals for the development of affordable housing units. More information on the ordinance and other City affordable housing initiatives can be found at: <https://www.bloomingtonmn.gov/cd/affordable-housing-preservation-and-creation>

Actions planned to reduce lead-based paint hazards

The City will continue to comply with all requirements of Title X-Residential Paint Hazard Reduction Act of 1992. Additionally, the Bloomington HRA is using a portion of the CDBG funds for lead abatement activities in its Section 8 Rent Assistance Program and CDBG Single Family Rehabilitation Loan Program. The Bloomington HRA also informs all tenants participating in the Section 8 Program, public

housing and rental home program of potential hazards of lead paint.

All recipients of rehabilitation funds must have a lead paint inspection performed on their home prior to receiving a loan. Any lead that is found must then be abated using CDBG funds. The Bloomington Public Health Department also makes referrals for testing when cases of lead poisoning are suspected.

The Bloomington HRA also keeps Section 8 landlords up to date regarding lead paint through its quarterly Rental Collaborative meetings.

The Bloomington HRA has two staff people who are trained lead inspectors and risk assessors. The Bloomington HRA provides CDBG funding to owners of rental property with Section 8 households with children below the age of six where the units will have to be tested for lead. Also, all of their Single Family rehabilitation activities (approximately 35 units) through the CDBG Program will have to be assessed and abated of lead paint.

Collaborative efforts: The City of Bloomington's Public Health Division advises the staff of the HRA of any known persons with lead poisoning who may be seeking services from the HRA/CDBG funded activities. In addition, the City partners with Hennepin County to provide lead paint abatement services for single-family rehabilitation clients whose family composition qualifies.

Actions planned to reduce the number of poverty-level families

The HRA provides affordable housing to poverty-level families through its Housing and Redevelopment Authority. This stable housing offers families and individuals the structure necessary to work on their income issues, such as education, new jobs and other important factors to overcome poverty.

Actions planned to develop institutional structure

The City of Bloomington has and will continue to coordinate with other institutions in the delivery of housing and community development programs. For example, in the past, the City has partnered with the National Handicapped Housing Institute, Sherman & Associates, MWF, Aeon and Sand Companies for the development of new or preservation of affordable and/or accessible housing

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Bloomington has its own Housing and Redevelopment Authority. The HRA manages the CDBG program for the City and the two entities work closely together to achieve shared goals. In addition the HRA manages 551 units of affordable housing through its Housing Choice Voucher program. This important community resources assists 551 families every month. These families include

elderly, disabled and single-parent households.

In addition, the Bloomington HRA owns 20 single-family homes in our Assisted Rental Housing Program. The units maintain their affordability through the HRA's action to project-base 20 vouchers from its tenant-based Section 8 program in these units. Originally, the units were part of the HRA's Public Housing program, which ended in 2012. The HRA's Public Housing program was developed in 1995; however the program failed to be self-supporting. Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance with following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and is following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
