The pedestrian was walking through the intersection in the marked cross walk southbound across Heritage Hills Dr.. the pedestrian was over half way across.

The Pedestrian advised that he saw that the vehicle was going to turn left, and started waiving his arms that he was still crossing. Vehicle started to make a turn. This upset the pedestrian who then turned around and intentionally walked into the car because he thinks he has the right of way.

There was no damage to the car, the pedestrian advised that the car was maybe going 5mph, there was slight rubbing on the rear driver side door of the vehicle, consistent with the story.

The driver of the vehicle said that the pedestrian was over half way across the intersection into the other lane. He proceeded thinking it was okay to do so, not expecting for the pedestrian to intentionally turn back.

On 01/05/2026 at approximately 1437 hours, Officers were dispatched to Tires for Less at 9215 Lyndale Ave S for a report of a vehicle that drove across Lyndale Ave, up over the curb and was currently in some bushes. The vehicle was described as a silver Explorer. Dispatch advised that there was a group of people standing around the vehicle making sure the driver does not leave. Officers arrived and I made contact with the driver in the Ford bearing MN plate REV533. The driver was identified via his MN DL and was the registered owner of the vehicle. The driver was an older male and was currently on oxygen. I asked the male if he was having any medical issues he stated no, but that his oxygen was running low. The driver stated he was just coming from Arby's and showed me his bag of food. Through my interaction with the driver, I learned he was coming from a dialysis appointment, recently had open heart surgery, and takes medications that he stated he took today. I also learned that there was video of the incident from the manager at Tires for Less. The video shows Unit 1 drove off the ledge of the drive-thru at Arby's causing damage to the concrete bricks and down over the edge into the embankment, eventually reaching Lyndale Ave. At this time Unit 1 slow rolled East across Lyndale Ave S with multiple vehicles stopping or swerving out of the way as to not cause any accidents. One driver stopped and stated he hit a curb to avoid hitting Unit 1. Unit 1 then drove up and over onto the curb and in the bushes where it was found. Allina was ordered to check out the driver (run #262797711) where it was discovered the driver's oxygen was at 50 pulse ox which was causing him confusion. The oxygen tank was empty undenounced to his knowledge. It is unknown how long the tank was empty for. Driver declined medical transport. His son came and picked him up and the vehicle was parked in a nearby lot for the time being.
