Vehicle one was east on 78th St E in Bloomington. This road used to be a straight through road to Portland, but is no longer. The road is a 90 degree turn to 5th street with ongoing construction on 494, just north of this roadway.

Vehicle one failed to brake in time for this 90 degree turn, driving off the east ditch, over a snowbank, flipping over and landing on a pile of apparent construction materials.

The driver was assisted out by people near the crash location. The driver had minor cuts on their hands, likely from the broken glass while exiting the vehicle.

The driver claimed they were tired from moving all day. The driver advised they were talking on their phone at the time of the crash. The driver denies texting on their phone.

Witness 1 advised they were on the eastbound ramp to exit 494 to Portland, and observed the vehicle hit the snowbank and go airborne. The witness stopped to help the driver.

Video from a nearby restaurant was obtained and showed the driver brake too late, launching off the snowbank as a result.

Driver was assessed by Allina medics and was not transported. Driver was picked up by family.

The vehicle was towed by Chief's towing.

The construction materials appeared to be scrap and nothing of value.

---	---	-------------------------	----------------------------	-------------------

On 02/28/2026 at approximately 1921 hours, I, Officer Style, was on routine patrol in the area of Normandale Service Road and American Blvd W.

While in the area, I observed a vehicle that had heavy front-end damage parked on the sidewalk between Normandale Service Road and the Holiday Inn Hotel parking lot.

The dark colored Kia Soul appeared to be occupied once by the driver of the vehicle.

It appeared that the Kia Soul had run over a street sign since the street sign was toppled over and partially lying in the road on Normandale Service Road.

I activated my emergency lights and approached the vehicle.

The Kia Soul was bearing Minnesota registration HAT760.

I made contact with the driver of the vehicle, and he was identified as the registered owner.

UNIT 1 advised that he was traveling westbound on American Blvd, approaching the curve prior to Normandale Service Road.

UNIT 1 advised that when he entered the curve prior to Normandale Service Road on American Blvd, he lost control of his vehicle.

Through my investigation, I determined that UNIT 1 was operating his vehicle in an erratic and unsafe manner, posing a significant hazard to public safety. The driver failed to maintain proper control of the vehicle, causing it to leave the designated roadway, travel over a curb, and onto the sidewalk. The vehicle continued off the roadway, entered and traversed a roadside ditch, and ultimately collided with two street signs and a parked vehicle in the Holiday Inn Hotel lot. The manner of driving demonstrated reckless disregard for traffic laws, roadway boundaries, and the safety of pedestrians and property.

The parked vehicle UNIT 1 struck in the hotel parking lot was moved approximately 3 feet to the west by UNIT 1's vehicle.

The vehicle UNIT 1 hit was bearing Nebraska registration BEI732.

I made contact with the registered owner of the Mitsubishi Lancer (UNIT 2), to gather his information for my report and to provide him with UNIT 1's insurance information and our case number.

The investigation revealed that the male operated his vehicle in an unsafe and reckless manner, departing the roadway multiple times and striking posted street signs as well as a legally parked vehicle. There were no observable signs of impairment, and the male did not appear to be under the influence of alcohol or drugs at the time of contact. Based on the totality of the circumstances, the collisions appeared to be the result of extremely poor driving ability and lack of proper vehicle control rather than impairment.

UNIT 1 submitted to a preliminary breath test (PBT) on the scene, and the results of the PBT were .000.

Based on the totality of the circumstances from my investigation, UNIT 1 was issued a citation for careless driving - 169.13.2(a).

Disposition:

A Minnesota State Crash report was completed under this case number.

A driver evaluation form was completed under this case number and submitted to the Department of Vehicle Services.

(See Minnesota State Crash report diagram for further information).

End of report.

Officer Style #393.
