Vehicle/Semi #2 was southbound Penn Avenue in the left lane approaching the intersection with 90th Street West.

Vehicle #1 was in the shopping mall parking lot at 8901 Penn Avenue South.

Vehicle #1 advised she was exiting the parking lot at the shopping mall.

She advised she was going to head south on Penn out of the parking lot.

She thought she looked both ways and did not see any traffic.

She proceeded to make the left turn to head south on Penn, but vehicle/Semi #2 was south on Penn Avenue.

She collided with the left side/passenger's side of her vehicle to the driver's side of the semi #2

Driver of semi #2 advised vehicle #1 just came out onto Penn Avenue from the parking lot leaving him no time to stop.

He advised she hit his driver's side of his semi.

Observed minor damage to semi #2.

Observed moderate damage to vehicle #1 to include busted or cracked side windows, dents, and paint damage.

I observed moderate damage to the front end of vehicle #1, but the owner/driver advised that was from a separate incident.

Fault is that of driver #1 for failure to yield to the semi-truck driver of semi #2 as he had the right of way.

On May 1st, 2026, at approximately 1436 hours, I, Officer Hanson #405, was dispatched to a PI accident located at 8100 24th Ave S.

Upon arrival, I observed a Lincoln MKC bearing MN plate #ZLW241 in the immediate vicinity of a pedestrian lying on their back next to a demolished electric scooter. The windshield was cracked, and the front license plate had been torn off the bumper and was lying behind the car. There was damage to the front passenger side bumper/fender area. I recognized the pedestrian because I had seen him approximately 5 minutes earlier. He was driving his scooter into the oncoming lanes of westbound traffic on American Blvd. I was unable to stop him for the violation at the time due to the call load on the street.

On scene, I spoke with the pedestrian who was later identified as Ramonn Lamar White, DOB 02/14/1988. He told me that he had pain in his left leg and thought it could be broken. Allina and Fire were en route. There were no external injuries that I could see on scene.

I spoke with the driver of the Lincoln MKC bearing ZLW241. I identified him as Abdullahi Omar Haji-Mohamud DOB 06/12/1996. Abdullahi confirmed that he was driving in the north lot of the Mall of America, attempted to turn left (southbound), and impacted the person on the scooter. He provided his insurance policy (PROGRESSIVE #993300599) and his contact info. He told me he thought he was traveling around 25 miles per hour.

I spoke with the first witness, whom I identified as Julie Faye Nelson, DOB 08/16/1971. She told me she was walking northbound in the lot when she observed the male on the scooter being hit by the Lincoln. She thought that he may have been speeding, but was not sure.

I spoke with another witness whom I identified as Adam T Keiper, DOB 09/18/1977. Adam told me he was traveling eastbound in his rental car on the accessway when the male on the scooter quickly emerged from behind a white van. Adam told me that he would have hit the pedestrian if the other motorist hadn't, as it happened very quickly, and the male on the scooter was traveling quickly.

Responding Officer J. Hanson took photos on the scene. He also sent the AXON link to the Mall of America dispatch. The video shows the male on the scooter cutting through the parked cars and not stopping before entering the access way.

While on scene, I learned that the pedestrian was struck and went up and over the vehicle.

White was transported by Allina under run #262873556 to HCMC.

Damage to both were very minor.

Unit 1 was traveling EB on 85th Street operating as a delivery vehicle equipped with speed monitoring device and camera. Unit 2 was traveling SB on Aldrich Ave. Uncontrolled intersection and both drivers thought they entered first. Unit 1 driver stated she was traveling under the posted speed limit and thought Unit 2 may have been speeding as she was unable to avoid collision. Driver of Unit 1's employer advised he checked the vehicle speed of Unit 1 recorded at the time of the crash and it was 23MPH. After initial collision Unit 2 was pushed onto the west side of the private property lawn of 8501 Aldrich into a concrete block landscaping wall. Driver door was pinned against the wall. Witness was in the backyard of 8500 Aldrich and was able to confirm Unit 1 did not appear to be traveling above the posted speed limit. Unit 1's video showing 4 viewpoints (inside driver view, straight ahead, driver door view and front passenger door view) was provided and reviewed. Driver of Unit 1 was not distracted, saw vehicle coming, appeared to have turned the wheel south in attempt to avoid collision, but was unable. This turning maneuver caused the momentum of the collision to be directed in a southeast path from the center of the intersection.
