On August 10th, 2026, at approximately 1118 hours, I responded to a traffic incident involving a commercial vehicle and a downed communications pole on East Old Shakopee Road near 16th Street. The driver was operating an oversized load vehicle, traveling eastbound and centered on the line due to his load being 14 feet wide, on East Old Shakopee Road when the truck appeared to catch onto the wires of a communications pole. The pole fell to the ground and was split in half with wires hanging. No visible damage to the truck was observed.

On 08/12/2026 at approximately 0514 hours, officers were dispatched to the area of I-494 and 34th Ave S for a report of a motor vehicle crash. Dispatch advised that a person crashed onto the train tracks, the car doors were locked, and the person was unresponsive. Upon arrival, I observed a 2017 Black Jeep Grand Cherokee bearing Minnesota plates PNG986 facing eastbound on 34th Ave in the southbound lane just south of the I-494 bridge. I observed that the vehicle had heavy front-end damage, the windshield was cracked, and a light pole was partially under the front bumper. Officers made contact with the driver, who appeared to be asleep and had drool on her right cheek and right shoulder. Officers knocked on the window, and the driver woke up but appeared to be experiencing a medical emergency and was in a catatonic state. The Fire Department broke open the passenger-side window to unlock the car. Once the door was able to be opened, the driver was able to speak and answer questions. She was unaware she was just in a crash, was confused about what was happening, and would not listen to officers because she did not know who we were. She was able to answer some basic questions but was having trouble answering others. The driver did not believe she sustained any injuries from the crash, and she was transported to Fairview Southdale Hospital. Officers spoke with a witness who stated he was traveling southbound on 34th Avenue and was stopped at the red light. He saw a vehicle come eastbound on I-494 off the freeway and go airborne across the train tracks. CCTV video showed the vehicle driving on the exit ramp from eastbound I-494 onto 34th Ave. The vehicle drives down and up out of the ditch on the north side of the ramp. The vehicle collides with a light pole as it comes out of the ditch and continues eastbound over the train track and comes to a stop in the southbound lanes.
