As a result, three instances were identified where the lack of documentation of control procedures led to errors in individual HAP calculations. The auditors recommended the HRA implement and monitor controls to ensure policies and procedures related to tenant eligibility determinations and recertifications are consistently followed. This is a continuation of a finding identified in the 2024 audit. In April 2025, staff reinstituted tenant checklists as part of the formal process. Some files audited for 2025 had actions that occurred prior to staff implementing the change in April 2025.
