EMS Ground	**No, Test Not Given**	

Remarks

Unit 1 was southbound on France Avenue s turning left to go eastbound onto 90th Street W. Unit 1 had a flashing yellow turn signal.

Unit 2 was northbound on France Ave S in the right lane crossing the intersection with 90th Street W on a green light.

Unit 1 driver said there was a vehicle in front of him that turned left just before him. Unit 1'
s view was partially obstructed due to a northbound vehicle in the left turn lane waiting to go westbound on 90th Street W. Unit 1 started to make his turn prior to being able to fully clear and confirm there was no oncoming northbound traffic and did not see Unit 2.

Unit 2 driver said she saw Unit 1 turn in front of her last minute and attempted to brake but was unable to avoid the collision.

Unit 1's front passenger side bumper and front passenger side quarter panel collided with Unit 2's front passenger side bumper and front passenger side quarter panel.

Unit 1 did not have any airbag deployment. Unit 2 had front and side curtain airbags deployed.

Unit 1 driver declined medical attention. Unit 2 was transported to Allina Ambulance for suspected minor injuries.

Chief's Towing towed both vehicles from the scene.

Unit 1 driver was cited for failure to yield when turning on a flashing yellow arrow.

Witness Information:

Name	Sex
JEFFERSON, DANIELLE	F

Vehicle 2, a semi-tractor trailer, was executing a left turn from eastbound 98th Street onto northbound Lyndale Avenue. Vehicle 2 had already initiated a wide turn sequence to complete the maneuver. Vehicle 1 was initially stopped, waiting for the semi to complete its turn. Vehicle 1 then accelerated and appeared to cross the median in order to enter the left lane, colliding with the rear tires of Vehicle 2.According to the witness statement, the witness was positioned behind the semi on 98th Street in the left double-turn lane. The semi proceeded first and was already engaged in the turning sequence. The witness reported that Vehicle 1 remained stopped while waiting for the semi to complete the turn, then accelerated and drove into the semi, causing the collision. Per the witness statement, Vehicle 1 is at fault. No video footage is available from the intersection.

On 11/13/2026 at approximately 1509 hours, Officers were dispatched to 82nd St. E and 12th Ave S for an accident that occurred. I spoke with the driver of Unit #1 who informed me that they were driving southbound on 12th Ave S. and the driver of Unit #2 was driving westbound on 82nd St. E. The driver of Unit #2 failed to stop at the stop sign. Unit #1 tried to stop but hit the back end Unit #2. I observed the dash camera of Unit #1 and it shows that Unit #2 failed to stop at the stop sign, causing an accident.

Neither party needed an ambulance nor did either car need a tow. HCSO Case #26012669

On 11-15-2026 at 17:55 hours, I was dispatched to 98th St W / Penn Av S on an Accident with Injuries. Remarks in the call stated there was a crash with at least 2 cars and there was smoke showing. Prior to my arrival, dispatch aired an update that BFD was on scene and was performing CPR on one of the parties involved.

Upon my arrival I blocked traffic with my squad car and observed that paramedics and the fire department were already providing aid to one of the drivers involved. I observed that there was a total of three vehicles involved in the crash, with one of them being a Metro Transit bus.

The transit bus (VEH 2) had heavy front end damage and was stopped facing east just west of 98th St W / Penn Av S. There was a vehicle parked behind it (VEH 3) that was occupied by two people inside. There was also a completely smashed up vehicle (VEH 1) that was just south of the transit bus facing north. That vehicle had all air bags deployed and just next to the vehicle was a male patient that paramedics and fire department were performing CPR on. The male was later ID'd and confirmed by other witnesses on scene as the driver / sole occupant of VEH 1.

The transit bus was only occupied by the driver and did not have any other passengers on board. The other vehicle involved (VEH 3) was occupied by the driver and one front seat passenger. Neither of the other occupants of VEH 2 or 3 had any injuries.

I then spoke to a witness on scene. They stated that they were stopped at a red light behind the transit bus at 98th St W / Penn Av S facing eastbound. As they were stopped and stationary the other vehicle involved (VEH 1) came at a high rate of speed from what they believed was the north and ended up crashing into the front of the bus and ended up spinning around. The witness stated that debris from the crash ended up hitting her vehicle (VEH 3). The damage to her vehicle included a scrape on the passenger side door as well as a small dent to the front left quarter panel. The witness also stated she did not believe the driver of VEH 1 was wearing his seatbelt prior to the crash.

Allina paramedics eventually transported the driver of VEH 1 to HCMC (Run #111526-0394). Shortly after the transport, officers learned that the driver was pronounced DOA at 18:32 hours. The on duty Sergeant requested TIU investigators to respond to the scene. Metro Transit PD also responded to the scene. Their case number was 26010148.

While taking photos of the scene, I was notified by other officers that there was damage to street signs in the center median east of the crash location and other witnesses had stated that the driver of VEH 1 was driving westbound on 98th St W towards Penn Av S prior to the crash. I walked to 98th St W / Newton Av S and observed multiple missing / damaged street signs from the center median along 98th St W between Newton Av S and Penn Av S. The signs included a keep right sign and a black and yellow striped sign. I also observed the front license plate of VEH 1 on the street just west of 98th St W / Newton Av S in the wrong lane of traffic. I took photos of the crash scene, damage and located license plate and uploaded them to Axon as well.

I also advised dispatch to notify streets department of the damage to the street signs. I provided scene security and traffic control until TIU was done with their investigation. I also completed a state crash for this incident. After TIU was finished, a tow was requested for VEH 1 and VEH 2. A commercial vehicle inspection was completed by state patrol for VEH 2.
