**Did you know...**

**Effective July 1, 2009, a child who is both under age 8 and shorter than 4 feet 9 inches is required to be fastened in a child safety seat that meets federal safety standards. Under this law, a child cannot use a seat belt alone until they are age 8 or 4 feet 9 inches tall. It is recommended to keep children in a booster seat based on their height, rather than their age.**
