# DAKOTA LANGUAGE CAMP

A unique approach to language learning for both Dakota and non-Dakota children, the Dakota Language Camp provides an introduction to one of Minnesota's native languages. No classrooms here - all learning is through hands-on experiences of traditional Dakota games, crafts, songs, dancing and foods. Students will sit inside a tipi to learn how it was used and furnished. As Dakota culture is rooted in the land, many words are learned during nature walks on the beautiful trails of Pond Dakota Mission Park, situated on the Minnesota River. Dakota teachers will also explain their nation's values and history.

This camp is held in the 40-acre Pond Dakota Mission Park, where the historic Pond House is located. The house was built by Rev. Gideon Pond, who with his brother Samuel, were the first to write down the Dakota language in 1834.

The Dakota Language camp is a joint venture of Bloomington Parks and Recreation and the Dakota Language Department of the University of Minnesota, which creates the program content and provides experienced teaching staff. **Lunch is provided.**

Not eligible for fee assistance, but a limited number of scholarships are available.

# SLAM DETAILS AND POLICIES

## For programs on BLUE pages

### **Sickness Policy**

This policy has been put into place to protect your child(ren) and the other participants in the program. Please use common sense when deciding to send your child to one of our programs. If in doubt, please do not send them.

Please do not send your child to our programs if your child has:

- Had a temperature of 100 degrees or more within the past 24 hours.
- Had a communicable illness such as strep throat, pink eye, chicken pox, measles, etc... unless they have been on antibiotics for longer than 24 hours or past the doctors recommended exclusion period.
- Lice, unless they have been treated and no longer have any nits or eggs visible.
- Vomited within the last 24 hours.

If we discover that one of the above has occurred or the child becomes sick while at one of our programs, you will be asked to make arrangements to pick the participant up immediately from the participant's location.

### **Concussion Policy**

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away and please contact the SLAM office to notify us of the injury.

Please refer to the Centers for Disease Control and Prevention website for more information: [www.cdc.gov/concussion/pdf/parents\\_Eng.pdf](http://www.cdc.gov/concussion/pdf/parents_Eng.pdf).

### **Lost and Found**

Please label your child's belongings with both first and last name. This includes things such as sweatshirts, water bottles, sunscreen, swim suits and beach towels. Items without names will remain at the program site until the end of the program.

### **Severe Weather Policy:**

SLAM will hold classes indoors if it is an extremely rainy day. If severe weather approaches, children will take shelter in the designated severe weather shelter.

### **Disability and/or Medical Support**

Bloomington Community Services actively supports and welcomes people with disabilities and/or medical conditions\* to participate in our recreation programs at no additional cost to the participant. If your child would like to participate in a Bloomington SLAM program and feel assistance is needed, please follow the steps below:

1. Select YES on the registration form that states the participant has a disability and/or medical condition\* and needs support.
2. Complete the Participant Information Portion on the Registration Form
3. After we receive the registration form and profile, you will be contacted by staff for more information and to establish an inclusion plan, if needed.

Please note: Accommodations can potentially take up to two weeks to put into place after all forms are received. SLAM reserves the right to delay enrollment due to processing registration, the need to increase staffing or to gather additional information about the participant.

#### Questions?

If you have any further questions about inclusion services offered by the ISD 271 SLAM program, please contact the inclusion liaison, Meg, at 952-681-6105

\*Some medical conditions may require Inclusion Services due to the intensity of the need and/or the medical equipment that will need to be utilized (needles, vials, etc.). Due to liability concerns and safety of participants, inclusion services must be provided even if the participant is self-sufficient with this type of equipment. Inclusion services will provide monitoring and guidance if the participant is self-sufficient. If not self-sufficient, inclusion services will provide the full support needed.

### **Fee Assistance**

Limited Fee Assistance is available for SLAM classes at Olson Middle School based on qualification criteria. Partial assistance may be awarded for one class/per child/per quarter, or until fees are unavailable.

Assistance is available to qualifying Bloomington households. Email [dmckenzie1@ISD271.org](mailto:dmckenzie1@ISD271.org) for the application. Applicants must apply before registering for programs. It may take up to two week to process your application.

# GRASP

Looking for a way to keep your child's math and reading skills sharp over the summer? Try GRASP!

GRASP is a nine week correspondence program for grades K - 8 which helps students maintain reading and math skills while they are on summer vacation. Each lesson is constructed to reinforce or reteach typical basic skills generally found in most curricula at a particular grade level.

- One lesson per subject is completed each week for nine weeks.
- Each lesson should take approximately one hour per week to complete.
- Completed lessons are mailed to a scoring center in the envelopes provided. The lessons are scored, results recorded and returned to the children. Children successfully completing at least seven lessons (70% accuracy) are awarded a certificate. Those successfully completing all nine lessons receive a medal soon after Labor Day.
- Instruction sheets found in each packet provide all the necessary information to complete each lesson.
- Children attending Bloomington Public Schools will have materials sent home with them the last week of school. All others will be mailed in early June.

We suggest parents order the grade level just completed. If there are extenuating circumstances, order the grade level that is appropriate for your child.

### Grade

Registration programs use the child's grade for the fall of 2016.

### Sickness Policy

This policy has been put into place to protect your child(ren) and the other participants in the program. Please use common sense when deciding to send your child to one of our programs. If in doubt, please do not send them.

Please do not send your child to our programs if your child has:

- Had a temperature of 100 degrees or more within the past 24 hours.
- Had a communicable illness such as strep throat, pink eye, chicken pox, measles, etc... unless they have been on antibiotics for longer than 24 hours or past the doctors recommended exclusion period.
- Lice, unless they have been treated and no longer have any nits or eggs visible.
- Vomited within the last 24 hours.

If we discover that one of the above has occurred or the child becomes sick while at one of our programs, you will be asked to make arrangements to pick the participant up immediately from the participant's location.

### Concussion Policy

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away and please contact the Parks and Recreation office to notify us of the injury.

Please refer to the Centers for Disease Control and Prevention website for more information:  
[www.cdc.gov/concussion/pdf/parents\\_Eng.pdf](http://www.cdc.gov/concussion/pdf/parents_Eng.pdf).

### Lost and Found

Please label your child's belongings with both first and last name. This includes things such as sweatshirts, water bottles, sunscreen, swim suits and beach towels. Items without names will remain at the program site until the end of the program.
