

Neighborhood Survey

Heritage Hills Drive and Morris Road

Traffic Circle Device Trial

The objective of the traffic circle device trial has been to test its ability to assign right-of-way at the intersection while also controlling speeds on the residential roadways. The trial device has been in place for several weeks. Please take a moment to fill out this opinion survey regarding the temporary traffic circle device trial. You are also invited to attend a neighborhood meeting on **Monday, December 12, 2016 at 6:00 PM in the Olson Middle School Media Center** to review the data collected during the device trial and discuss the results of the neighborhood Survey.

Survey Questions

1.) Do you think there was a safety concern at the intersection before the trial device was installed?

- Yes
- No

Comments: _____

2.) Do you feel the traffic circle made this intersection feel safer or more dangerous?

- Safer
- More dangerous
- No change

Comments: _____

3.) Do you feel the traffic circle affected vehicle speeds?

- Reduced speeds
- Increased speeds
- No change

Comments: _____

4.) Do you feel the traffic circle affected pedestrian safety at the intersection?

- Safer
- More dangerous
- No change
