d. Anything else you would like us to know?

- 1) I need to understand non rec. uses of the land. 2) How we can augment our existing golf service with related services.
- We need to drill down & obtain additional info on marketing plans & previous years' results.
- It feels like there is still a lot of important information that needs to be teased out, and it is not clear how that might be accomplished.
- Directed discussion was not well focused. Less on financial and more on support of golfers agenda.

4. What should we do differently next time?

- Talk about new ideas not presented yet.
- Perhaps ask, what's missing? Difficult to understand/share/get data? And what steps might we take to resolve that?
